EUS-ENDO

INTERNATIONAL
LIVE COURSE

It's my pleasure to host you 28-29 September 2017 in Marseille for the first EUS-ENDO meeting. EUS-ENDO will offer you one day of live transmission from Paoli-Calmettes Institute to the Villa Méditerranée in the new center of Marseille. We have invited worldwide experts on EUS and Endoscopy, they will give lectures and will demonstrate the last developments of these technologies (ERCP, ESD, Therapeutic EUS, etc....) during the live demonstrations. New endoscopes will be shown as new accessories. The main goal of this meeting will be to demonstrate the complementarity of EUS and ERCP for bilio-pancreatic diseases, to show also new procedures as Radiofrequency ablation of bilio-pancreatic cancers, Cholangio-pancreatocopy, confocal laser endomicroscopy...

The second day will be dedicated to hands on, 6 stations will be available for ERCP, EUS-FNA, T.EUS, GI bleeding management, EMR &ESD. This second day should be interactive between the participants and the experts, 4 workshops will be organized and also 3 sessions of oral communications in which participants will debate with the experts. Abstracts presented during EUS-ENDO will be published in Endoscopic Ultrasound review.

Save the date and I would like to wish you a pleasant stay and a successful meeting in Marseille, the capital of Provence and the oldest city of France.
